## TEMPE

A SUNDAY ROW  
IN EAST TEMPE

Party of Five Up Before the Justice  
of the Peace.

Yesterday was an unusually busy  
day in the local justice of the peace  
court. Seven, all upon the one  
charge of drunkenness were given a  
hearing in the afternoon and assessed  
various fines.

Six of these seven were also  
rounded in from one place. There  
was quite a crowd of Mexicans in  
East Tempe enjoying a general good  
time Sunday afternoon. Over some  
unknown thing a row started and  
the fact that they were nearly all  
drunk made it a practically free for  
all fight. Who the victor would have  
been can not be foretold for the of-  
ficers of the peace happened along  
by the time one or two of the gang  
had been knocked out. To leave no  
room for doubt the officers thought  
it better to take the whole bunch in.  
Naturally it was accomplished with  
the usual amount of trouble but all  
were finally lodged in jail where they  
spent the remainder of the night and  
yesterday forenoon.

It developed at the trial that there  
were apparently ring leaders in the  
affair, consequently some were fined  
heavier than others. The largest one  
was twenty dollars, and the one to  
whom it was given being unable to  
fork up the cash will have to spend  
the next twenty days in the county  
jail. Next highest was three times  
of five dollars each. Two other par-  
ticipants in the row being unable to  
locate five dollars to pay their way  
out were accordingly given that many  
days in the county jail.

One other drunk who was caught  
separate from the other six, was  
given his choice between seven days  
in jail and that many dollars. Happ-  
ening to have the cash he choose  
the latter and is now free.

## TEMPE 6, MESA 5.

In another hard fought game,  
Tempe won over the Mesa ball team  
last Sunday afternoon on the local  
grounds by a score of 6 to 5. Luke  
seems to be with Tempe when they  
play Mesa for in all four games  
played the score has been within one  
or two tallies of each other and  
Mesa held the lead the great part of  
each game. Mesa ran in two runs  
in the first inning and shut the local  
boys out for several innings to come.  
Cuber, their pitcher, not being ac-  
customed to such strenuous work  
gradually gave out though and then  
the slaughter began. It was just  
the opposite with the local team for  
the more they played the better they  
played. Mullen pitched his second  
game for Tempe Sunday and showed  
up well. Spikes took his place in the  
sixth inning and gave the rooters an  
exhibition of real pitching. Out of  
twelve men to the bat he fanned

SICK DAUGHTER  
NOW WELL

Mrs. C. Cole Tells How Her  
Daughter Was Restored to  
Health by Lydia E. Pink-  
ham's Compound.

Fitchville, Ohio.—"I take great plea-  
sure in writing to thank you for what your  
medicine has done for my daughter.

"Before taking your medicine she  
was all run down, suffered from pains  
in her side, could not  
walk but a short dis-  
tance at a time, and  
had severe pains in  
head and limbs. She  
came very near hav-  
ing nervous prostra-  
tion. She had begun to cough a good  
deal and seemed melancholy by spells.  
She tried two doctors but got little help.

"I cannot find words to express my  
gratitude for what Lydia E. Pink-  
ham's Vegetable Compound has done for  
my daughter. She feels and looks like  
another girl since taking it, and I shall  
always feel that I owe you a great debt.

"You can use this letter for the ben-  
efit of others if you wish, as I shall al-  
ways recommend your medicines for fe-  
male troubles."—Mrs. C. COLE, Fitch-  
ville, Ohio.

Hundreds of such letters from moth-  
ers expressing their gratitude for what  
Lydia E. Pinkham's Vegetable Com-

ceived by the Lydia E. Pinkham Medi-

RINGWORM ON  
BOY'S SHOULDER

And Back of Neck. Round and Mass  
of Watery Blisters. Itched and  
Burned Badly. Could Not Sleep.  
Cuticura Soap and Ointment  
Cured in One Month.

Box 183, Downey, Cal.—"My little boy  
of eight years had what they called ringworm  
on his shoulder and the back of his neck. It  
started in a small pimple like a blister and  
kept getting larger till it was the size of a  
dollar. One place was as large as three silver  
dollars. They were round and a mass of  
watery blisters. Wherever the water would  
touch it would cause another blister, com-  
mencing another sore and so on. It was very  
red and angry and would itch and burn so  
badly that he could not sleep or in fact sit  
still at times. He would cry when I would  
touch it. When he would rub or scratch it,  
it would look like chopped meat. His  
clothing irritated it.

"I tried many remedies, but it kept on  
spreading and itching. This was all before  
I used Cuticura Soap and Ointment on it.  
After the first treatment with Cuticura Soap  
and Ointment he was much relieved, and  
they cured him in one month.

"My husband is a plumber and his hands  
get scratched and cut which means sores if  
not treated, so he washes with Cuticura  
Soap and puts Cuticura Ointment on his  
hands every night and that keeps them  
fine." (Signed) Mrs. Harry West, April  
5, 1912.

ment (50c.) are sold throughout the world.

nine and allowed but one hit. The  
Cuber brothers' battery also worked  
well for their team considering this  
is their first appearance together.  
Morris, the regular pitcher was forced  
to play third base on account of a  
sore arm. Despite the numerous  
changes on both teams though the  
game was close and exciting through-  
out. It is possible that a day  
header will be played at East Lake  
park next Thursday afternoon. If  
such is the case the contesting teams  
are likely to be the All-American  
Phoenix nine, the Mexican nine of  
Phoenix, the Mesa town team and  
the local town team.

## MOTHER LOSES IN FIRE

Dr. A. J. Griffin yesterday received  
word from California that his mother  
and sister had lost all their belong-  
ings in a fire at Byron Hot Springs,  
last Friday morning. These springs  
are one of the famous summer res-  
orts of California and in the letter  
it stated that there were some eight  
hundred guests in the hotel when it  
caught fire at five o'clock, that mor-  
ning. Little if anything was saved. It  
being barely possible in some in-  
stances to remove the occupants  
alive.

## THE END IS REACHED

The end of the threshing season  
has at last been reached and practi-  
cally all the machines are now laying  
idle preparatory to the alfalfa seed  
season. Henry Sandoz is making ar-  
rangements to move his outfit to  
Buckeye where he has taken a con-  
tract on some threshing.

## MESA

CANNING FACTORY  
NEEDED AT MESA

Such an Institution Would Be of  
Great Value to the Fruit Grower  
and Vegetable Farmer.

One of the movements now being  
agitated by members of the Mesa  
Commercial club is that of securing  
a canning factory for this section of  
the valley. It is realized by all who  
have given the matter any study that  
the farmers are missing a large ven-  
ue by not giving more atten-  
tion to the growing of vegetables. One  
reason for the apathy in gardening is  
that the rates on vegetables shipped  
out are at present so high that the  
local farmer cannot market his pro-  
duce in outside towns because of the  
high freight rates. These same vege-  
tables, canned, could, however, be  
shipped to almost any point in the  
middle western states and in the  
mountain regions at a profit. The  
expense of securing the necessary  
plant for canning is not large, and  
for the amount of money invested the  
profits would be a welcome addition  
to the annual income. No country in  
the world can grow finer tomatoes,  
beans, peas, small onions, ochra, vari-  
ous fruits suitable for canning, and  
green corn, than can be produced in  
the Mesa region. A canning factory  
would give many boys and girls em-  
ployment during the interim between  
school terms, thus adding to the  
wealth of the community. As to rates  
for shipping, there is no doubt but  
that concessions would be gladly made  
by the railroad companies in order to  
encourage production and thus in-  
crease the amount of business for the  
companies.

The subject is at least  
worth the serious consideration of the  
producers; and in the meantime the  
commercial club will keep working on  
the problem until it is satisfactorily  
solved.

Buy it now. Chamberlain's Colic,  
Cholera and Diarrhoea Remedy is al-  
most certain to be needed before the  
summer is over. Buy it now and be  
prepared for such an emergency. For  
sale by all druggists.

## PEACHES FOR EXHIBITION

S. D. Shumway yesterday brought  
to the Mesa Commercial rooms a bas-  
ket of peaches from his orchard that  
are certainly as fine as anyone could  
ask for. They weigh on an average  
a half pound each, are handsomely  
colored and with rich, juicy meat.  
Peaches grown on the Mesa find a  
ready market in the mining camps  
of the state, and at present are  
handled largely by the local com-  
mission houses. A jar of Mr. Shum-  
way's peaches are being prepared for  
the commercial club exhibit.

## MESA BOYS WON A GAME

The baseball game at Chandler,  
Sunday, was won by the Mesa team  
by a score of 12 to 3. The Chandler  
team's 11. In the game at Tempe,  
Mesa lost, the score standing six to  
five.

## MR. CHILDS AT HOME

J. H. Childs is back from a visit

panied by Mrs. Childs. The latter  
will remain for several weeks. Mr.

comed into the summer widowers'

## ROADS GETTING BETTER

ports a great improvement of the

freight.

ning. Refreshments were served and

## A COOL EAST WIND

At noon yesterday the thermometer  
stood at 75 degrees and a cool wind  
blew from the east. The report given  
out early in the day for the preceding  
twenty-four hours, gave the following:  
Maximum temperature, 95; minimum,  
75; weather cloudy; direction of wind,  
southeast. The forecast for today is:  
Generally cloudy, with local showers.

## IN HARNESS AGAIN

W. W. Mitchell is in receipt of a  
letter from Chas. F. Jones, formerly  
of Mesa, and who owns a ranch east  
of town, from which it is learned that  
Mr. Jones is again occupying a stool  
in a newspaper office. He is editor  
of the Chanute Times, owned by Mr.  
Turner. It is hard to keep Charley  
away from a print shop, although at  
the time of leaving Mesa he announced  
that he had reformed and would here-  
after attend strictly to money getting.

## FARMERS' DAY

Parties who attended the Farmers'  
Institute at Phoenix on Saturday, say  
that the exhibit was very good and  
the institute will have a stimulating  
effect upon all lines of agriculture.  
That Mesa was not better represented  
is unfortunate, but as a matter of  
fact it is said that very little was  
on exhibition except such produce as  
was grown near Phoenix. It has been  
suggested that Mesa take up the mat-  
ter of holding a Farmers' day cele-  
bration here. The event could be  
made one of interest and would be a  
practical lesson in agriculture. Neigh-  
boring towns could be invited to take  
part and send in exhibits. It is un-  
derstood that some of the enterprising  
farmers are in favor of taking steps  
to hold such an institute here in the  
near future.

For soreness of the muscles, with-  
er induced by violent exercise or in-  
jury, there is nothing better than  
Chamberlain's Liniment. This liniment  
also relieves rheumatic pains.  
For sale by all druggists.

## TWO POLICE CASES

In police court yesterday two Sun-  
day offenders received sentences of  
seven and ten days, respectively. One  
was for intoxication and the other had  
added disturbance to the heavy load  
he was carrying. Both claimed to  
have found a friend who permitted  
them to help empty a bottle shipped  
in from Phoenix.

## RETURNED HOME

F. G. Drews, who has been looking  
over the Mesa country for several days  
past, left last evening for his home in  
Pasadena. Mr. Drews stated, however,  
that he intended coming to the valley  
again and it is probable that he will  
in the near future become a resident  
of the Mesa.

Dysentery is always serious and  
often a dangerous disease, but it can  
be cured. Chamberlain's Colic, Chol-  
era and Diarrhoea Remedy has cured  
it even when malignant and epidem-  
ic. For sale by all druggists.

## NEWS IN BRIEF

W. A. Burton had business in the  
superior court, Phoenix, yesterday.

E. D. Tway yesterday loaded out  
two wagons with baled hay for the  
Roosevelt Mercantile company at  
Roosevelt.

Sam Wallace is back from a visit  
to the coast, where he has relatives.  
A wagon load of "Ironclad" musk-  
melons were brought to Mesa yester-  
day and sold on the local market.

Sunday night the cantaloupe men  
had a short shift, knocking off work  
about 9 o'clock. Usually they work  
until midnight and later.

A jar of Mesa grown potatoes was  
added to the commercial club exhibit  
yesterday.

During the summer months moth-  
ers of young children should watch  
for any unnatural looseness of the  
bowels. When given prompt atten-  
tion at this time serious trouble may  
be avoided. Chamberlain's Colic,  
Cholera and Diarrhoea Remedy can  
always be depended upon. For sale  
by all druggists.

## HAYDEN

HAYDEN, Ariz., July 22.—Mrs. A.  
J. Maclean and her three sons are  
spending the summer at Long Beach.  
Word comes from them that a few  
days ago little Archie, who is about  
three years old, decided that he  
would go out to see the sights with-  
out a chaperone. (Archie is his dad's  
namesake). His absence was soon  
noticed and there was considerable  
excitement in the effort to locate  
him during which the police station  
was notified and a thorough search  
instituted generally. In about two  
hours he arrived home in the police  
department automobile and reported  
having had a great time.

With its many modern institutions  
Hayden has not yet advanced far  
enough to boast a church and what  
gospel services have been held have  
either been in the school building or  
in the open air. Hopes have just  
recently been aroused that a building  
will soon be erected by the Methodist  
Episcopal church which will do credit  
to our town and fill a long-felt  
want. The bright prospects for the  
success of this undertaking is due  
principally to the persistent efforts  
of Reverend A. L. Hawley of Hig-  
ley, Arizona, who has made it a  
practice for more than a year to  
conduct services here twice a month.

Mr. Hawley has received valuable  
assistance along this line from Joe  
H. Browne who is doing splendid  
work for the community as superin-  
tendent of our Sunday school as  
well as being an active worker in  
the church. The main obstacle in the  
way of the erection of a church has  
been the unwillingness of the copper  
company to deed any part of its  
property lying adjacent to the in-  
dustries here on which the town of  
Hayden is located and the unwilling-  
ness of the church organization to  
erect a building on any lot to which  
it could not obtain title. Mr. Haw-  
ley now has been encouraged to be-  
lieve that the copper company will  
make an exception to this general  
rule and grant a deed for a church

## SUMMER SKIN DISEASES

During the summer most persons are annoyed with pimples, boils, rash-  
es, or eruptions, while others suffer more severely with Eczema, Acne, Tet-  
ter, Salt Rheum, or some kindred skin disease. The eruptions may be  
glossed over and inflammation reduced by the application of washes,  
cosmetics, salves, etc., but no skin affection can ever  
be permanently cured in this way. Only pure blood  
insures a healthy skin and the circulation is therefore  
the point at which treatment should be directed. S.S.S.  
cures Skin Diseases of every kind by neutralizing the  
acids and removing the humors from the blood. S.S.S.  
builds the circulation up to its normal strength, in-  
creases its nutritive powers and adds to its purity in  
everyway. Then the skin instead of being irritated,  
burned and blistered with acid humors and impurities,  
is nourished and healed by a plentiful supply of pure, rich blood. Book on  
Skin Diseases and any medical advice free to all who write.

lot with the provision that it is not  
to be put to any other use. With  
this encouragement ahead Mr. Haw-  
ley has already taken the first step  
toward the organization of a board  
of trustees to be comprised of five  
members and through whom all busi-  
ness relating to the erection of the  
building will be transacted.

At the home of the bride's parents  
in Hayden Junction at noon Sunday,  
Miss Marie Chapman and Frank  
Hutton were united in matrimony,  
the ceremony being performed by  
Rev. A. L. Hawley. Immediately after  
the ceremony the wedding party  
were the guests of the bride's mother  
at a sumptuous repast which had  
been arranged in honor of the newly-  
weds. Mr. and Mrs. Hutton left on  
the afternoon train for their home  
in Phoenix. Mr. Hutton is a train-  
man on the Hayden division of the  
A. E. railroad and makes his head-  
quarters in Phoenix. The bride, a  
charming young woman is the daugh-  
ter of Mr. and Mrs. Chapman who  
have been residents of Hayden Junction  
for a considerable time where  
Mr. Chapman is a foreman for the  
A. E. railroad.

## RAY

RAY, Ariz., July 22.—R. H. Wig-  
gins, proprietor of the Ray hotel,  
recently destroyed by fire, has  
started to rebuild on the old site.  
The new Ray will be a reinforced  
concrete building 80x30 feet and two  
stories high. The basement will be  
deepened and will be leased by  
George Staeger, better known as  
"Sunshine," for a pool hall. Mr. Wig-  
gins expects to resume active busi-  
ness by the first of October.

Superintendent Cates went to Hay-  
den on Friday returning the same  
day.

Dr. Jeannie S. Lynch has her den-  
tal office in the temporary quar-  
ters of the Central pharmacy.

The baseball game yesterday be-  
tween Sonora and Ray was hotly  
contested for seven innings but was  
finally won by Sonora, score 5 to 4.

On the first of September W. H.  
Maden expects to again furnish Ray  
with ice cream and confectionery in  
his new quarters on Market street,  
adjoining the new postoffice to be.

This building will be of the trussed  
concrete type, one story in height.  
One of its attractions will be a roof  
garden where refreshments will be  
served and dances given.

The Douglas Copper Mining com-  
pany, located between the Ray and  
Superior mining districts reports  
most successful progress. The prop-  
erty is free from debt and Foreman  
E. A. Prenty expects very shortly to  
begin regular shipments to the  
smelter.
